Gaggoo Mandi near railway staion

EXPERTISE

- JavaScript
- C++
- C#
- Python
- React
- Flutter

LANGUAGE

- Urdu – 95%
- English – Good (75%)

PROFILE

Computer Science student with a strong interest in web development and mobile application development. Skilled in HTML, CSS, JavaScript, and Flutter for building responsive websites and user-friendly mobile apps. Passionate about learning new technologies and creating efficient digital solutions.

EXPERIENCE

Hotel Management System

Developed a Hotel Management System using MERN stack featuring room booking, guest check-in/check-out, billing, room service, and JWT-secured role-based dashboards for hotel staff & management.

AllInOne Marketplace

Developed AllInOne, a full-stack classified marketplace similar to OLX, featuring ad posting, store registration, product search & filtering, buyer-seller chat, user profiles, image uploads via Cloudinary, and reviews & ratings using React.js, Node.js, JWT Auth & REST API

Weather App

Built a Flutter Weather App integrated with a live Weather API, displaying real-time temperature, forecasts & conditions with smooth animations and state management.

Rolling Dice

Built a two-player Dice Roller app in Flutter with smooth dice animations, random roll logic & state management for an interactive gaming experience.

EDUCATION

COMSATS University Islamabad – BS Computer Science/ 2023 – 2026

Currently pursuing a Bachelor of Science in Computer Science, gaining in-depth knowledge in software development, web technologies, and data analysis. Actively developing practical skills in MERN stack and other modern programming tools.
